STANDARD OF CONDITIONS

- It is understood as mooring or unmooring, the service rendered to vessels, with the assistance of a workboat, if necessary, to mooring or unmooring vessels alongside a quay, carrying out operations to secure mooring lines or letting them free, as required.
- It is considered that a vessel is properly moored in normal condition, with 3 ropes and a spring forward and 3 ropes and a spring aft, or whatever considered necessary by the Master.
- When the Master or Pilot, consider that extra ropes are necessary, the resulting tariff will be increased by 10% per rope. Whenever a time has passed since the initial mooring of the vessel, and the mooring service is further required to secure or reinforce the vessel, that will be considered another service.
- When a vessel delivers wire-ropes they will be counted as two ropes whenever they are 35 mm or more.

NOTE: Additional information on the Tariff and Clauses, can be viewed in the Standard of Conditions, part 7, for mooring and unmooring Services rendered to vessels.
